Computer 'Printer' machines are used throughout City Hall Departments and the Police Department daily. Increasing costs of maintenance, supplies, toner and the loss of productivity when said machines malfunction, impact City budget lines more each year. Additionally, Staff routinely loses working hours trying to remedy non-network based issues and failures. The 'IT Department' is making recommendation that we contract for a structured and encompassing maintenance and supply agreement to remedy the current diminishing infrastructure status and yield immediate and long term fiscal prudence.

**RECOMMENDATION:** That the City Council approve the allowance for a three-year contractual agreement with Xerox to encompass maintenance and support of all network-base printer machines within the City.
